HYDROBIOLOGICAL JOURNAL

VOLUME 40

CONTENTS FOR 2004

Number 1

V. D. Romanenko, I. V. Grib & D. M. Grodzinskiy. Conceptual Approaches Concerning Formation of Transboundary Hydroecological Corridors 3

D.A. Nesterova. Studies on Phytoplankton of the Black Sea (review) 16

L. G. Butorina. Conditions of Development and Hatching from Resting Eggs in *Polyphemus pediculus* (Crustacea: Branchiopodiodes) 30

V. N. Nikulina. Trophic Role of Plankton Algae in the Lakes of Various Types 41

O. A. Lyashenko. Structure and Seasonal Succession of Phytoplankton of Lake Pleshcheyevo (Russian Federation) 51

N. Dzyuban, E. S. Bikbulatov, E. M. Bikbulatova & I. A. Kuznetsova. Bacterial Co-oxidation of Natural Humic Substances in the Presence of Glucose 60

Yu. S. Belokopytin. Specific Dynamic Action of Food and Energy Metabolism of Fishes under Experimental and Natural Conditions 68

O. S. Goyster, N. F. Starodub & G. A. Khmelnitskiy. Assessment of the Toxicity of T-2 Mycotoxin for *Daphnia magna* Straus Using the Method of Exited Chemiluminescence 76

V. P. Gandzyura. Phosphorus Balance in Fishes under the Influence of Heavy Metals (Cr^{6+}, Ni^{2+}) Contained in the Aquatic Environment 82

T. A. Vasilchuk & P.D. Klochenko. Composition of Dissolved Organic Matter in Some Tributaries of the Dnieper River Depending on the Development of Planktonic Algae 92

L. A. Sirenko. Activity of the Sun and Water "Bloom" 104

Number 2

M. S. Savich & V. R. Alekseyenko. Changes in Phytoplankton of the Southern Part of the Scotia Sea (Antarctic Region) in Autumn 1998 3

G. I. Popovskaya & O. I. Belykh. Stages of the Study of Autotrophic Picoplankton of Lake Baikal 12

A. I. Bakanov, I. A. Skalskaya & B. A. Flerov. Peculiarities of the Initial Formation of the Communities of Benthos and Periphyton in Reservoirs of the Upper Reaches of the Volga River 23

L. P. Yarmoshenko. Influence of the Intra-Daily Regime of the Operation of the Kiev Hydro-Electric Power Station on the Structure of Microphytobenthos of the Kiev Section of the Kanev Reservoir 30

O. V. Pashkova. Stages and Peculiarities of Long-Term Succession of Zooplankton of the Pelagic Zone of the Kanev Reservoir 39

A. V. Kureyshevich, V. P. Guseynova & A. I. Sakevich. Influence of Algal Metabolites on the Quality of Water Depending on the Action of Natural and Anthropic Factors 51

O. B. Stolyar, V. V. Grubinko, R. L. Mykhayliv & Ye. V. Mishchuk. Influence of the Environmental Conditions on Binding of Heavy Metals and Oxidative Decomposition of Biomolecules in Tissues of *Anodonta cygnea* (Bivalvia) 66

Yu. N. Khudiyash, A. S. Potrokhov & O. G. Zinkovskiy. Survival Rate of Carp Eggs at Various Stages of Embryogenesis under the Action of Natural and Anthropic Factors 76

T. V. Chernomaz. Response of the Cells of Ciliated Epithelium of Unionidae to the Influence of Heavy Metals 82

A. D. Fedorovskiy, I. Ye. Timchenko, L. A. Sirenko & V. G. Yakimchuk. Method of System Dynamics in Simulating the Problems in the Comprehensive Use of Water 87

A. A. Losev & N. A. Ovcharenko. Fundamentals of Methods for Studying Fish Blood Parasites 97

A. M. Orlov. Trophic Interrelations in Predatory Fishes of Pacific Waters Circumambient the Northern Kuril Islands and Southeastern Kamchatka. 106

Number 3

A. V. Kornyushin & A.V. Lyashenko. Fauna of Mollusks of the Lower Reaches of the Danube River within the Territory of Ukraine 3

V. I. Lukyanenko, V. V. Lukyanenko & M. V. Khabarov. Interannual Intrapopulational Variability of Russian Sturgeon of the North Caspian Population by the Quantity and Frequency of Occurrence of Various Phenotypes of Hemoglobin in the River Period of Life. 18

T. N. Klimova. Ichthyoplankton of the Northwestern Part of the Black Sea 30

A. D. Gordina, V. G. Tsytsugina, Ye. I. Ovsyaniy, A. S. Romanov & R. B. Kemp. Condition of the Pelagic Fish Spawn in Coastal Waters of the Black Sea near Sevastopol 42

T. L. Aleksenko. Mollusks of the Dnieper–Bug Estuary Region and Their Role in Feeding of Fish 55

O. P. Oksiyuk, Ye. P. Plaziy & G. V. Melenchuk. Role of Sandy Bottom Sediments in the Process of Self-purification of Water from Organic Matter 62

V. D. Romanenko, V. D. Solomatina, Yu. G. Krot, T. I. Lekontseva & N. A. Mogilevich. Physiological and Biochemical Estimation of the Culture State of *Moina macrocopa* in the Process of Cumulative Cultivation 73

P. N. Linnik, T. A. Vasilchuk & R. P. Linnik. Humic Substances of Natural Waters and Their Importance for Aquatic Ecosystems: a Review 79

V. P. Gandzyura. Structure of Energetic Balance of Hydrobionts in the Toxic Environment 102

L. S. Svetlichniy & Ye. S. Gubareva. Peculiarities of Metabolic Response of *Moina micrura* (Cladocera) Grown at Hypo- and Normoxia on Changed Oxygen Concentrations 111

Number 4

T. A. Kharchenko. Biodiversity of the Wetland Complex of the Danube Delta within the Boundaries of Ukraine and a Forecast of Its Changes at the Implementation of the Project of Shipping through the Biosphere Reserve 3

R. V. Babko & T. N. Kuzmina. Ciliata (Protista, Ciliophora) of Epiphyton of Higher Aquatic Plants in a Small River 22

V. N. Pautova & V. I. Nomokonova. On Seasonal Dynamics of the Biomass of Phytoplankton in the Volga Reservoirs 39

I. N. Zalicheva, I. V. Volkov, N. K. Shustova, V. S. Ganina, L. P. Vlasova, S. P. Kitayev, V. I. Kukharev, A. V. Ryabinkin & T. A. Chekryzheva. Control and Regulation of Anthropic Contamination of Water Bodies in terms of the Indicator Indices of the Biota 46

O. A. Stepanova. Sensitivity of Marine Heterotrophic Bacteria to the Influence of Ultraviolet Radiation 62

A. N. Dzyuban. Microbiological Processes of Methane Transformation and Organic Matter Decomposition in Bottom Sediments of the Reservoirs of the Volga and Kama Rivers 69

G. I. Izvekova & N. A. Lapteva. Symbiotic Microflora Associated to the Surface of the Plerocercoid *Ligula intestinalis* (L.) (Cestoda, Pseudophyllidea) 75

I. K. Stepanova & V. T. Komov. Role of the Trophic Structure of Aquatic Ecosystems of the North-West of Russia in Mercury Accumulation in Fish 83

V. F. Kovalenko. Peculiarities of Metabolic Processes in Fish under the Influence of Sublethal Copper and Zinc Concentrations 94

L. F. Serdyutskaya. Multivariate Approach to the Analysis of Model Data, by the Example of Aquatic Objects 101

T. P. Shevlyakova. Far Eastern Species of Planktonic Crustaceans in the Volga–Don Region 110

G. K. Parfenova. Anthropogenous Changes of the Water Salinity Pattern in Rivers of the Upper Ob' Catchment Area 114

Number 5

L. A. Shchur, A. D. Aponasenko, V. N. Lopatin & P. V. Pozhilenkova. Primary Production of Phytoplankton of Various Dimensional Fractions 3

A. V. Kureyshevich. Relationship between Long-Term Dynamics of Chlorophyll *a* Content in Plankton of the Dnieper Reservoirs and the Total Solar Radiation and its Activity 15

T. F. Shevchenko. Long-Term Dynamics of the Distribution of Phytoperiphyton in the Cooling Pond of the Chernobyl Nuclear Power Station 26

A. B. Ruchin. Influence of a Light Regime on the Efficiency of Food Utilization and Growth Rate in Fishes 44

A. A. Protasov, A. A. Silayeva & V. V. Yefanova . Assessment of the Fouling of Some Anticorrosive Coverings in Fresh Waters 49

I. A. Govorin, V. V. Adobovskiy & Ye. I. Shatsillo. Fouling of Hydroengineering Structures with Mussels as a Natural Biofilter Component in the Coastal Zone of the Black Sea 62

I. Kh. Bashmakova. Ecological Indices for Assessment of the Pollution Level in Water Bodies: a Case Study of the Kilia Delta of the Danube 70

O. B. Mekhed, B. V. Yakovenko & A. A. Zhidenko. Activity of Some Enzymes of Carbohydrate Metabolism in Tissues of Yearlings and Two-Years-Old Carps in the Autumn Time 77

O. B. Stolyar, V. V. Grubinko, R. L. Mychayliv & Ye. V. Mishchuk. The Role of Metallothioneins, Acting Individually and in Mixture, in Detoxification of Cu^{2+}, Zn^{2+}, and Mn^{2+} in Tissues of the Bivalve Mollusk *Anodonta cygnea* 85

O. N. Davydov, L. Ya. Kurovskaya & Yu. D. Temnikhanov. The Larvae of Hydrobiont-Parasitizing Helminths Pathogenic for Humans and Warm-Blooded Animals 97

V. F. Kovalenko. An Assessment of the Functional State of Fishes by the Ratios Characterizing Metabolic Processes 106

A. V. Shulyarenko. Effect of Internal Processes in a Water Body on Iodine Content in the Waters of the Dnieper Reservoirs 110

Number 6

L. G. Butorina. Influence of Environmental Conditions on Hatching Activity of Youth from Dormant Eggs of *Polyphemus pediculus* L. 3

G. Checherska. Anthropic Changes in the Plant Cover of the Lakes Located within the Territory of the Cities of the Masurian Lakeland 16

A. A. Protasov. Composition and Distribution of Zooplankton of the Cooling Pond of the Khmelnitsk Nuclear Power Station 37

N. G. Sergeeva. Structure and Distribution of Meiobenthos in the Region of Methane Gas Seeps from the Black Sea Bottom 47

K. O. Dombrovskiy & T. A. Kharchenko. Macrozoobenthos of the Upper Reaches of the Kakhovka Reservoir under Conditions of the Influence of a Large Industrial Complex 56

D. V. Lukashev & N. S. Severenchuk. Changes in the Structure of Macrozoobenthos of the Cooling Pond of the Chernobyl NPS in Response to a Decrease in the Thermal Load on its Ecosystem 66

N. Dzyuban. Assessment of the Ecological State of Reservoirs by Bacteriobenthos Criteria 75

G. G. Muntyanu & V. I. Muntyanu. Influence of the Rezina-Rybnitsa Industrial Complex on the Content of Mercury (II), Copper (II), Lead (II), and Cadmium (II) in the Dubossary (Dubăsari) Reservoir of the Dniester (Nistru) River 82

O. M. Usenko & A. I. Dakevich. Algicidic Properties of Polyphenols Depending on Their Molecular Structure 99

O. V. Balanda, V. A. Medved & A. I. Sakevich. Alkaloids of *Nuphar lutea* (L.) Smith. and their Influence on the Vital Activity of Cyanobacteria and Algae 108
